# CONTENTS

NUMBER 1, JANUARY 1981

## EDITORIAL

District General Hospitals—a U-turn

*T. B. Boulton*

1

## ORIGINAL ARTICLES

Morbidity after outpatient anaesthesia. A comparison of two techniques of endotracheal anaesthesia for dental surgery

*C. Heneghan, Romyne MacAuliffe, D. Thomas and P. Radford*

4

Temazepam as premedication in day surgery

*A. P. G. Beechey, R. J. Eltringham and C. Studd*

10

Plasma cortisol levels. A comparison between sick patients and volunteers given intravenous cortisol

*J. R. C. Sainsbury, J. C. Stoddart and M. J. Watson*

16

Automatic ventilation with the Ayre's T-piece. A modification of the Nuffield Series 200 ventilator for neonatal and paediatric use

*N. I. Newton, K. M. Hillman and J. G. Varley*

22

## CASE REPORTS

Unexpected complication of successful nerve block. Morphine induced respiratory depression precipitated by removal of severe pain

*G. W. Hanks, R. G. Twycross and I. W. Lloyd*

37

Adverse reaction to methohexitone and gallamine

*G. R. Harrison and I. D. Thompson*

40

Acute onset facial oedema. A complication of extubation

*I. D. Conacher*

45

Tourniquet failure and arterial calcification. A case report and theoretical dangers

*S. Jeyaseelan, T. M. Stevenson and J. Pfizner*

48

Epidural morphine in terminal care

*R. P. Howard, L. A. Milne and N. E. Williams*

51

Autologous transfusion of mediastinal drainage blood. A report of its use following open heart surgery

*R. F. Carter, B. McArdle and G. M. Morrill*

54

Bleomycin therapy and anaesthesia

*S. C. Allen, G. S. Riddell and R. G. Butchart*

60

## CORRESPONDENCE

Etomidate infusion: a method of sedation for the intensive care unit 64; Is it worth allowing for patient size? 65; Transcutaneous oxygen monitoring during anaesthesia 66; Patient monitoring during nuclear magnetic resonance imaging 66; Epidural morphine 67; Itching as a side-effect of epidural morphine 67; Is itching after caudal morphine dose related? 68; Intrathecal morphine for the control of the pain of myocardial infarction 68; Obstetric pain relief using epidural narcotic agents 69; Epidural and subarachnoid analgesia for elective Caesarean section 70; The vocabulary of obstetric anaesthesia 70; Laryngeal oedema accompanying weight gain in pregnancy 71; Difficulty in the removal of an epidural catheter 71; Defective epidural cannulae 72; Butterfly indwelling needles used as spinal needle guides 72; Praise for the paediatric anaesthetists 73; Hand or mechanical ventilation for paediatric anaesthesia 73; Prolonged tracheal intubation in adults 74; A discontinued endotracheal tube 74; How to avoid problems when using the fibre-optic bronchoscope for difficult intubations 74; Hypotension following the intravenous injection or

metoclopramide 75; Anaphylactoid response to intravenous tubocurarine 76; Dysrhythmias during oral surgery 77; Barbiturate therapy in cerebral ischaemia 77; Epidermolysis bullosa dystrophica 79; O'Dwyer's tubes 80; Alphabetical official and trade names for drugs? 80; The BMA-BUPA scheme for BMA members 80; The study of anaesthetic-related mortality 80; Registrar's prizes 81; A time for peace 82

### EDITORIAL

Deaths associated with anaesthesia for obstetrics <i>M. Rosen</i>	145
----------------------------------------------------------------------	-----

### ORIGINAL ARTICLES

The prevention of hypertension at intubation. A controlled study of intravenous hydrallazine on patients undergoing intracranial surgery <i>M. J. Davies, K. D. Cronin and R. W. Cowie</i>	147
Liver enzyme studies with continuous intravenous anaesthesia <i>W. P. Blunnie, M. Zacharias, J. W. Dundee, J. R. Daggart and P. D. A. McIlroy</i>	152
Magnesium flux during open heart surgery. The effect of St Thomas' Hospital cardioplegia solution <i>J. M. Manners and M. S. Nielsen</i>	157
Cimetidine in elective Caesarean section. Effect on gastric acidity <i>W. McCaughey, J. P. Howe, J. Moore and J. W. Dundee</i>	167
Pethidine, metoclopramide and the gastro-oesophageal sphincter. A study in healthy volunteers <i>V. M. F. Hey, D. G. Ostick, J. K. Mazumder and W. D. Lord</i>	173
Halothane uptake and nitrous oxide concentration. Arterial halothane levels during Caesarean section <i>M. E. Tunstall and Gabrielle M. Hawksworth</i>	177
Adverse reactions to ketamine anaesthesia. Abolition by a psychological technique <i>G. S. Sklar, S. R. Zukin and T. A. Reilly</i>	183

### SPECIAL ARTICLE

Intensive care in England and Wales. A survey of current practice, training and attitudes <i>A. Gilston</i>	188

## CASE REPORTS

An unusual cause of neonatal respiratory distress. RDS in neonate with a neuro-enteric cyst

*J. F. Cahill*

790

Cardiovascular and hormonal responses to electroconvulsive therapy. Modification of an exaggerated response in an hypertensive patient by  $\beta$ -receptor blockade

*R. M. Jones and P. R. Knight*

795

Inhalation of a foreign body. A hazard of protective rubber sleeves on the jaws of mouth gags

*I. P. Mulligan and R. D. Marshall*

800

Beta-receptor blockade and tracheal intubation

*D. Farnon and J. Curran*

## APPARATUS

Intermittent assisted ventilation for neonates. A modification to the Servo 900B ventilator

*C. G. Peters and N. R. Bennett*

806

Modification of tracheal tube for paediatric bronchography

*Elik Vatahsky*

811

## FORUM

Reduction of pain on injection of etomidate

*P. M. Brown and E. Moss*

814

Selective obstetric epidural service in a developing country

*S. O. Ukpoma and A. U. Oronsaye*

816

## CORRESPONDENCE

Lack of anti-emetic effect of glycopyrrolate 819; Regional analgesia for patients with chronic neurological disease 821; Experiences with epidural morphine in obstetrics 822; Pethidine, metoclopramide and the gastro-oesophageal sphincter 823; Postoperative pain control with intrathecal morphine 825; Ketamine on demand for postoperative analgesia 826; Use of a mixture of sodium nitroprusside and trimetaphan 827; Percutaneous arterial cannulation 828; A ventilator under hyperbaric conditions 828; Central venous pressure measurement with end-line bacterial filtration 828; Prolonged tracheal intubation in adults 829; A defect in Robertshaw double lumen endotracheal tubes corrected 830; Simultaneous infusion of amino-acids and lipid solutions 831; Aerosol bronchodilator administration in ventilator systems 832; A modified Macintosh/Forrester spray 832; Intravenous Valium Roche 834

## ANAESTHETIC LITERATURE

845

## STOP PRESS

856

## NUMBER 9, SEPTEMBER 1981

### EDITORIAL

The role of the anaesthetist

*P. Reeve and J. N. Lunn*

857

### ORIGINAL ARTICLES

Control of ventilation by continuous infusion of pancuronium bromide

*P. A. Clyburn and R. D. Marshall*

860

Dose-response relationship for disopropofol (ICI 35868; Diprivan). Comparison with methohexitone

*B. Kay and D. K. Stephenson*

863

Evaluation of midazolam as an intravenous induction agent

*J. A. S. Gamble, P. Kew, J. W. Dundee, J. Moore and L. P. Briggs*

868

Intubating conditions with ORG NC45. A preliminary study

*P. Harrison and S. A. Feldman*

874

The prevention of pain on injection. A study of the effect of intravenous lignocaine before methohexitone

*Jean M. Millar and A. Marshall Barr*

878

### CASE REPORT

Ketamine-diazepam anaesthesia in a patient with carcinoid syndrome

*J. B. Eisenkraft, I. Dimich and R. Miller*

881

### APPARATUS

Calibration of a Fioscope peak flow meter and a Vitalograph pulmonary monitor

*J. Fisher and A. Shaw*

886

A combined oropharyngeal airway and dental pack

*R. A. Green and J. Akester*

889

A pharyngeal pack fixed on to the tracheal tube

*P. A. E. Scheck*

892

### FORUM

The para-carotid approach for internal jugular catheterisation

*M. Oda, Y. Fukushima, T. Hirota, A. Tanaka, M. Aono and T. Sato*

896

High dose buprenorphine for postoperative analgesia

*K. Budd*

900

What might have been. Investigations into the administration of inhalation agents

*W. H. J. Cole*

903

Newsletter No 2 1981 WORLD FEDERATION OF SOCIETIES OF ANAESTHESIOLOGISTS (WFSA)

907

### CORRESPONDENCE

Deaths associated with anaesthesia in obstetrics 910; Important information for medical practitioners intending to seek recognition as specialist Anaesthetists in New Zealand 914; Errata 914

BOOK REVIEW	915
ANAESTHETIC LITERATURE	916
STOP PRESS	929

## NUMBER 10, OCTOBER 1981

### EDITORIAL

Safety in anaesthetic practice <i>P. W. Thompson</i>	931
---------------------------------------------------------	-----

### ORIGINAL ARTICLES

A survey of anaesthetic misadventures <i>Janet Craig and M. E. Wilson</i>	933
Postoperative analgesia in major orthopaedic surgery. Epidural and intrathecal opiates <i>D. W. Barron and J. E. Strong</i>	937
Test of delayed memory recall suitable for assessing postoperative amnesia <i>D. W. Bethune</i>	942
Postoperative pain relief. Use of an on-demand analgesia computer (ODAC) and a comparison of the rate of use of fentanyl and alfentanil <i>B. Kay</i>	949

### CASE REPORTS

Paraplegia following epidural analgesia. A case report <i>N. C. Ballin</i>	952
Temporary blindness following anaesthesia after translumbar aortography <i>R. C. Johnson and P. J. Moss</i>	954
Congenital complete heart block. General anaesthesia for appendicectomy in an adolescent <i>B. L. Duffy</i>	956

### APPARATUS

Fixed performance oxygen masks. Hypoxic hazard of low capacity designs <i>D. Cox and C. Gillbe</i>	958
-------------------------------------------------------------------------------------------------------	-----

### FORUM

Epidural fentanyl in labour <i>L. E. S. Carrie, G. M. O'Sullivan and R. Seegobin</i>	965
Digital regional analgesia <i>F. N. Ryding</i>	969
Supernumerary senior house officers in anaesthesia: a review of a regional training scheme, 1962-1972 <i>J. A. Thornton and E. M. Sharman</i>	970

### CORRESPONDENCE

Is it worth allowing for patient size? 975; Persistent abdominal pain	976
-----------------------------------------------------------------------	-----

### SIXTH EUROPEAN CONGRESS OF ANAESTHESIOLOGY

996

## NUMBER 11, NOVEMBER 1981

### EDITORIAL

- A consultant-based service  
*T. B. Boulton*

999

### ORIGINAL ARTICLES

- Cryoanalgesia. The application of low temperatures to nerves to produce anaesthesia or analgesia  
*P. J. D. Evans*

1003

- Nitrous oxide elimination by the newborn  
*B. Mankowitz, J. G. Brock-Utne and J. W. Downing*

1014

- End-tidal carbon dioxide during thoracotomy. Its relation to blood level in adults and children  
*C. P. H. Heneghan, M. J. H. Scallan and M. A. Branthwaite*

1017

- Treatment of stress response to laryngoscopy and intubation with fentanyl  
*N. Dahlgren and K. Messeter*

1022

### SPECIAL ARTICLES

- Molecular mechanisms of general anaesthetics  
*J. P. Burnie*

1027

- Career opportunities in anaesthesia for doctors with domestic commitments. A report of a working party  
*J. Edmonds-Seal and R. H. McNeilly*

1040

### CASE REPORTS

- Spinal narcotics and central nervous system depression  
*A. Sidi, J. T. Davidson, M. Behar and D. Olshwang*

1044

- Fat embolism in Eisenmenger syndrome  
*S. B. Merrill*

1048

### FORUM

- Postoperative analgesia using epidural methadone. Administration by the lumbar route for thoracic pain relief  
*D. B. Welch and A. Hrynasiukiewicz*

1051

- An American approach to anaesthesia research and a British perspective  
*M. L. Nahrwold and R. M. Jones*

1055

### CORRESPONDENCE

- Nineteenth-century resuscitation apparatus 1058; Intravenous regional analgesia using bupivacaine 1059; Are trichloroethylene vaporisers accurate? 1060

### ANAESTHETIC LITERATURE

*T. B. Boulton and J. N. Lunn*

1075

# ORIGINAL ARTICLE

Anaesthesia under civil war conditions. An account of missions with the British Red Cross surgical teams in Cambodia and Angola

*G. L. Murray Carmichael*

1077

## CASE REPORT

Tolerance to rectal ketamine in paediatric anaesthesia

*R. W. Stevens and W. R. Hain*

1089

## APPARATUS

The Triservice anaesthetic apparatus

*I. T. Houghton*

1094

The Blease 5300 ventilator: an assessment

*I. R. Fletcher, T. E. J. Healey and T. R. Poole*

1109

## HISTORY

Sydney Ringer (1834-1910) and Alexis Hartmann (1898-1964)

*J. A. Lee*

1115

## FORUM

Field experience with the Triservice anaesthetic apparatus

*R. J. Knight and I. T. Houghton*

1122

Cardiovascular changes during controlled blood loss and replacement

*T. Kirwan, C. F. Scurr and G. B. Smith*

1127

Anticonvulsant drugs in the treatment of lancing pain

*M. Swerdlow and J. G. Cundill*

1129

An evaluation of a preoperative anaesthetic assessment questionnaire

*R. M. G. Pearson and R. H. Jago*

1132

The microcomputer in self-preassessment for examinations in anaesthesia

*G. D. Parbrook, P. D. Davis and Evelyn O. Parbrook*

1136

## SPECIAL COMMUNICATIONS

My heart stood still. The personal case history of an anaesthetist

*E. Goldsmith*

1138

The role of the anaesthetist. A reply to the September 1981 editorial

*Lisl Klein*

1142

## CORRESPONDENCE

Epidural diamorphine and fentanyl for postoperative pain 1144; Is Mendelson's syndrome a 'public health hazard'? 1145; Induced hypotension in ear, nose and throat surgery 1146; The European Society of Anaesthesia 1147
